

K-Love radio station is a part of my families daily life. It effects our lives in a meaningful and positive way. It is uplifting and encouraging and helps my family to live our lives more focused and with great hope. The station offers many life changing messages that have impacted my own family as well as the family that I attend church with. Our community is positively affected by the K-Love radio station. Many people have made commitments to a healthier, drug-free, and christain life style by listening to the personal testimonies that are shared by listeners just like me from all across our land. Lives have been changed for the better because of the uplifting and encouraging programing that K-LOVE offers!! Please do not take that away from my family, church and community!!
